

We are the Foxes

We are the foxes, working around
the town

We are the foxes working for you
Bring out your boxes
Before you settle down
We are the foxes working for you

Chorus

Ooo o-oo o-oo o-oo-oo.

Ooo o-oo o-oo o-oo-oo.

Running rings around, covers more
ground

Foxes in a big rush, jumping on a
night bus
City lights glow, like a light show
Keeping strange hours, smelling all
the flowers x3

Don't be afraid, cos we know what
you prefer

Smiles on your faces, that's what
we do!

Don't need to pay us,
We're happy in our work,
We are the foxes working for you.

Chorus

And in the morning, when all our
work is done
Shifts are changing and you'll be up
soon
We'll hear you coming
Then we'll be on our way
We are the foxes working for you.
